

Demonstration Texts

A partial list of picture books chosen by the consultants to use for modelling comprehension and writing strategies.

These texts are in every elementary school.

In an attempt to guide you we have identified text by cycle, however we have seen creative teachers adapt and use texts in a variety of cycles...so take a cycle meeting and enjoy a good read. We know you'll find many gems.

Italicised texts are suitable for cycle one.

Underlined texts are suited to cycle three.
